Introduction

Due to the advancement of information technology and its introduction in the field of libraries and information centre the publishers were forced to develop CDs for the published books also. Library and Documentation Division (LDD) has procured few books as the part of its collection which are accompanied by CDs. It was thought by LDD to bringout this catalogue for its valuable readers to know about the existing CD collection in LDD.

This collection covers all the CDs available in library. It is arranged under broad subject headings like data processing and computer programming, encyclopedias, social science, education, mathematics, earth science and art & craft etc.

Each entry provide details like name of the author, title, name of the publisher, place of publication, year of publication, no of page, ISBN etc. To retrieve the CDs easily. This list will help the readers to use the CDs easily.
