6. Read and mark (✓) for correct or (×) for incorrect:

2 x 6 = 12

Saving money is a good habit. Keeping a little money aside every month can help you when something unexpected happens, like when you feel sick or in an emergency. Buying things that you do not really need wastes your money, and you will not have money when you need it later. Small savings becomes a big amount over time. You can write down what you spend money on. This helps you see where your money goes and stops you from wasting it. Smart people enjoy today but also plan for tomorrow. So, start saving a little today!

- (a) **Saving money is a good habit.** (✓)
- (b) We should not keep money aside every month. ()
- (c) Saving does not help during sickness. ()
- (d) Buying things that you do not need is not wastage of money. ()
- (e) Small amounts of savings add up over time. ()
- (f) Writing down what you spend stops you from wasting money. ()
- (g) Saving money is not planning for tomorrow. ()
