

## FLNAT Sample Test Paper - 15

### Section A - Reading

Total Marks - 50

1. Circle the letter 'R/r' and 'T/t' in the words given below:  $1 \times 6 = 6$

|     |              |        |      |       |
|-----|--------------|--------|------|-------|
| R/r | <b>R</b> usk | Purr   | Burn | Trust |
| T/t | <b>T</b> urn | Hostel | Mat  | Atlas |

2. Match the word with their picture:  $1 \times 5 = 5$

|            |                                                                                      |
|------------|--------------------------------------------------------------------------------------|
| Toes       |    |
| Balloon    |   |
| Sofa       |  |
| Television |  |
| Mat        |  |
| Boat       |  |

3. Circle any four things shown in the picture:

2 x 4 = 8

|              |         |       |       |
|--------------|---------|-------|-------|
| <b>Broom</b> | Fire    | Board | Juice |
| Road         | Dustbin | Fan   | Waste |

4. Match the two sides to form complete sentences:

2 x 5 = 10

|                                 |                             |
|---------------------------------|-----------------------------|
| <b>Read documents carefully</b> | on time.                    |
| It is wise to save              | ask questions.              |
| Keep your room                  | <b>before signing them.</b> |
| Arrive at work                  | in religious places.        |
| Put your phone on silent        | clean and organized.        |
| If you don't understand         | money for emergencies.      |

5. Read the poster and mark correct (✓) or incorrect (×):

3 x 3 = 9

# Mental illness can happen to anyone

## Reach out!

**If disease does not discriminate, why do we?**

Persons living with mental illness can lead productive and fulfilling lives, with treatment and support from family and friends.

Let's share towards a less hurting and more understanding society, where we care for and accept each other as we are and be kind.

### When should you seek help from a Doctor?

- Changes in thinking clearly and being very irritable.
- Sudden changes in mood / behavior.
- Isolation or reduced social contact or interactions.
- Eating and sleeping habits that are not alters.

(c) People who feel excessive sadness or fear should seek help. ( )

(d) Seek help from doctor if you think clearly and are not irritable. ( )

**6. Read and mark (✓) for correct or (×) for incorrect:**

**2 x 6 = 12**

Keeping our environment clean is important for living a healthy life. We should throw waste only in dustbins and not throw it on the ground. Reduce use of plastic. Avoid eating and spitting tobacco in the open. Instead, we can help by reusing old. Planting beautiful green trees and keeping our neighborhoods tidy stops diseases from spreading. When we work together to keep the environment clean, our whole community stays safe from sickness.

- a. **Waste should be thrown in dustbins.** ( ✓ )
- b. Plastic should be used to keep the environment clean. ( )
- c. Reusing helps reduce pollution. ( )
- d. Throwing waste on ground is good. ( )
- e. Clean environment prevents spread of diseases. ( )
- f. Trees do not help in keeping the environment clean. ( )
- g. Eating and spitting tobacco in the open is good. ( )

## Section B – Writing

Total Marks – 50

1. Write one word that starts with the given letter:

2 × 3 = 6

S - Snow

G - \_\_\_\_\_

Q - \_\_\_\_\_

D - \_\_\_\_\_

2. Look at the picture and write its name:

2 × 5 = 10

|                                                                                                                     |                                                                                                  |                                                                                                    |
|---------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------|
|  <p><b>Brain</b></p> <p>_____</p> |  <p>_____</p> |  <p>_____</p>  |
|  <p>_____</p>                    |  <p>_____</p> |  <p>_____</p> |

**3. Fill in the blanks choosing the correct word from the box:**

$$2 \times 4 = 8$$

|          |      |          |       |     |
|----------|------|----------|-------|-----|
| umbrella | sink | hospital | night | bed |
|----------|------|----------|-------|-----|

(a) He was reading a book on his bed.

(b) Please keep the plate in the \_\_\_\_\_.

(c) It is raining, so take an \_\_\_\_\_ with you.

(d) She went to the \_\_\_\_\_ because she was sick.

(e) The mother puts her children to sleep early at \_\_\_\_\_.

**4. Make sentences using the given words:**

$$3 \times 3 = 9$$

(a) Milk - Niharika likes to have her coffee without milk.

(b) Spoon - \_\_\_\_\_

(c) Bridge - \_\_\_\_\_

(d) Towel - \_\_\_\_\_

**5. Write any two ways of keeping the environment clean:**

$$1 \times 2 = 2$$

(a) \_\_\_\_\_

(b) \_\_\_\_\_

6. Look at the picture given below and write five sentences about it:

$3 \times 5 = 15$

a) **Everyone has gathered for Aniket's birthday party.**

b) \_\_\_\_\_

c) \_\_\_\_\_

d) \_\_\_\_\_

e) \_\_\_\_\_

f) \_\_\_\_\_

## Section C – Math

Total Marks – 50

1. Count the objects and match them with the correct number:

$$1 \times 6 = 6$$

|                                                                                      |    |
|--------------------------------------------------------------------------------------|----|
|    | 9  |
|    | 20 |
|    | 14 |
|   | 8  |
|  | 22 |
|  | 13 |
|  | 16 |

## 2. Complete the sequence:

$$1 \times 5 = 5$$

|     |       |           |       |       |
|-----|-------|-----------|-------|-------|
| 19  | 20    | <u>21</u> | 22    | 23    |
| 24  | 26    | 28        | _____ | 32    |
| 33  | 35    | _____     | 39    | 41    |
| 51  | 61    | 71        | _____ | 91    |
| 120 | 140   | 160       | 180   | _____ |
| 400 | _____ | 800       | 1000  | 1200  |

## 3. Match the price of the following items with the correct currency:

$$1 \times 3 = 3$$

|                                                                                                |                                                                                                                                                                                                                                                                |
|------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <br>Rs. 75   |       |
| <br>Rs. 420 |    |
| <br>Rs. 650 |    |
| <br>Rs. 720 |    |

**4. Solve the following:**

$$2 \times 4 = 8$$

|                                                           |                                                     |                                                         |                                                       |                                                            |
|-----------------------------------------------------------|-----------------------------------------------------|---------------------------------------------------------|-------------------------------------------------------|------------------------------------------------------------|
| $\begin{array}{r} 198 \\ + 266 \\ \hline 464 \end{array}$ | $\begin{array}{r} 77 \\ - 33 \\ \hline \end{array}$ | $\begin{array}{r} 42 \\ \times 4 \\ \hline \end{array}$ | $\begin{array}{r} 299 \\ + 311 \\ \hline \end{array}$ | $\begin{array}{r} 2 \overline{)634} \\ \hline \end{array}$ |
|-----------------------------------------------------------|-----------------------------------------------------|---------------------------------------------------------|-------------------------------------------------------|------------------------------------------------------------|

**5. Akash has to distribute diaries in his office. He already bought 10. How many more should he buy if there are 80 people in his office?**

$$1 \times 4 = 4$$

---

**6. The price of a bar of soap is Rs. 75. How much should Yashika pay if she has to buy 3 bars of soap?**

$$1 \times 4 = 4$$

---

**7. Fill in the blanks:**

$$2 \times 4 = 8$$

**(a) 5 kilograms rice = 5000 grams rice**

**(b) 2000 centimeters cloth = \_\_\_\_\_ meters cloth**

**(c) 3 dozen bananas = \_\_\_\_\_ bananas**

**(d) 4000 millilitres milk = \_\_\_\_\_ litre milk**

**(e) 8.5 litres oil = \_\_\_\_\_ millilitres oil**

8. Write the time shown in the clocks:

$$2 \times 4 = 8$$

|                                                                                   |                                                                                    |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------------|
|  |  |
| _____ : _____ AM                                                                  | _____ : _____ PM                                                                   |

9. Look at the calendar and answer the questions:

$$1 \times 4 = 4$$

| February 2026 |         |           |          |        |          |        |
|---------------|---------|-----------|----------|--------|----------|--------|
| Monday        | Tuesday | Wednesday | Thursday | Friday | Saturday | Sunday |
|               |         |           |          |        |          | 1      |
| 2             | 3       | 4         | 5        | 6      | 7        | 8      |
| 9             | 10      | 11        | 12       | 13     | 14       | 15     |
| 16            | 17      | 18        | 19       | 20     | 21       | 22     |
| 23            | 24      | 25        | 26       | 27     | 28       |        |

- (a) How many Sundays are there in this month? \_\_\_\_\_
- (b) On which day does February start? \_\_\_\_\_
- (c) How many Tuesdays are there in this month? \_\_\_\_\_
- (d) What was the last day of January 2026? \_\_\_\_\_
