Long ago, people saved all their money in their homes. But now, most people use bank accounts to keep their money safe. When you put money in a bank, no one can steal it or lose it. It also makes paying for things easier through digital payments using QR codes and UPI. Your money also grows over time because banks give you interest. With a bank account, you can also get a loan. Passbooks and mobile banking apps help you see how much money you have, how much you spent or saved. This helps you learn to be careful with money. Having a bank account is a smart way to take care of your money and plan for the future!

- (a) **Bank accounts are used to keep money safe.** ( ✓ )
