

**Worksheet 69**

**Let's read and learn.**

	Whole portion	1 complete portion	1
	Half Portion	1 part out of two equal parts	$\frac{1}{2}$ , one part over two
	One quarter/ fourth	1 part out of four equal parts	$\frac{1}{4}$ , one part over four

**1. Answer the following questions on the basis of the above information.**

Raghu and Badal have produced 100 kg of wheat in their fields. Let's help in dividing it.

<b>Name</b>	<b>Share</b>	<b>Quantity</b>
Total yield	Whole portion	___ kg wheat
Raghu	Half	___ kg wheat
Badal	One fourth	___ kg wheat

**We have learnt** - Making sense of division
