

Worksheet 75

1. Suraj has a business of kerosene oil. He has only a 500 ml measuring vessel. How many times will he use the 500 ml measuring vessel to measure the following quantities?

500 ml	500 ml	1 Time
1 L		
1 L 500 ml		
2 L		
2 L 500 ml		
3 L		

We have learnt - Measuring Capacity (millilitre, litre)
