Agenda-1: Confirmation of the Minutes of the Meeting of DAB held on Dec 23, 2022

The minutes were confirmed.

Agenda 2: Status of Current PAC Programmes for the year 2023-24

Progress on the proposals of the year 2023-24 was presented by Dr.Sharbari Banerjee, Faculty Member, DEAA briefed about the research programme "A case study of the selected awardees" (Case Studies related to Kala Utsav who participated from 2015 -2020). She informed that 4 tools were developed for the programme to collect information regarding student's profile, teacher's profile, school profile of the awardee, state official / nodal officer's observation. A total number of 200 students along with their teachers, state officials were interviewed online to collect information. Some of them also submitted the forms which are being scrutinized. A review and analysis of the information received is underway.

In the programme for video development relating to text book in Music for class XI it was informed to the house that 13 scripts are approved and the development part would be completed by March.

Agenda 3: Composite statement of Programmes proposed for the year 2024-25

Two New programmes have been proposed, 1 Research and 1 Development.

Agenda 4: Discussion on Programme Proposals for the year 2024-25:

Programme 8.01: Reshaping Assessment and Evaluation Techniques in Music Education for Middle and Secondary Level Students (Research)

Following suggestions were given by the members for modifications in the programme before submitting it to the Academic Committee;

- Title of the programme needs to be changed. Instead of Assessment the programme could be converted to *“Status of Arts Education with reference to curriculum, syllabus and assessment strategies at the secondary level.”* to enable collection of present data prevailing in states.
- Different boards where there is a proper syllabus have to be considered along with NIOS so that the programme is a pan Indian study of status of Arts Education. The Survey method will help in collection of data.
- The newly inducted faculty members at RIEs could be involved.
- The viewpoint of committee members was as textbooks are being developed stage wise in different areas of art education they have to be implemented properly and after some years the assessment strategy adopted in different boards which is a part of the textbook development could be taken up for study later.

Recommended with modifications

8.02. Development of Textbooks and Textbooks+ for Teachers in Arts Education from Preparatory to Secondary School Education

Following suggestions were given for the programme;

- Textbook+ needs to be explained/ Title may include Teachers’ Handbook
- Phasing of e-content development may be more accurate and budget for the year 2024-2025 only may be proposed.

The meeting ended with the vote of thanks by the Chairperson.
