Brief :

Dr. R. Shilpa Manogna is currently working as Associate Professor in Department of Education of Groups with Special Needs, NCERT, New Delhi. She has 17 years of Clinical and academic experience in the field of Intellectual and Developmental Disabilities. She has immense experience in assessment, diagnosis and educational planning and intervention for children with intellectual Disability, SLD and Autism Spectrum Disorders. She worked as academic course coordinator for various teacher training programs such as D.Ed, B.Ed and M.Ed Special Education recognised by Rehabilitation Council of India. Before joining NCERT, she worked as faculty in the Dept. of Special Education in NIEPID Secunderabad. She held additional administrative positions such as Chief Coordinator, R & D projects, Controller of Examinations, Head, Dept of Library Sciences, Liaison Officer for Transgender at NIEPID, under Ministry of Social Justice and Empowerment, Govt. of India.

Her research focus areas include inclusive education of CWDs especially Intellectual Disabilities, Specific Learning Disabilities, Autism Spectrum Disorders and Multiple Disabilities. Apart from this she has completed research projects on, Development of Indian Test of Intelligence, Sexuality Education for persons with Intellectual and developmental disabilities, Bio-behaviour state

analysis and Educational Programming for children with Profound Intellectual Disabilities. She also worked extensively in the field of Teacher Education, Parent Training, Rehabilitation programs and scholastic problems among children with SLD and other developmental disabilities.

She is actively involved in the capacity building of various stakeholders like rehabilitation professionals, Govt, functionaries, grass root level workers, in-service and pre-service teachers, caregivers and parent training programs. She has collaborated with various Government, Autonomous bodies, parent associations and NGOs for promoting inclusive education of CWDs and other rehabilitation programs. She has been closely associated in curriculum development for universities offering special education, inclusive education, and disability rehabilitation programs. She has conducted and presented several research papers in international and national conferences.
