CATALOGUE OF TESTS

Department of Educational Psychology and Foundations of Education
National Council of Educational Research and Training
Sri Aurobindo Marg, New Delhi- 110016

2014

PREFACE

This catalogue is a reference guide to the two thousand tests in Education, Psychology and allied areas, available in the National Library of Educational & Psychological Tests (NLEPT), located in the Department of Educational Psychology & Foundations of Education, NCERT, New Delhi. The NLEPT is a Library-cum-Depository of a rare collection of specimen sets of published and unpublished Indian and foreign tests. It caters to the reference needs of test users and test developers in the country. The tests cover most of the important areas of concern such as intelligence, ability and aptitude, interest, values, personality, achievement, creativity, learning, guidance and counselling, industrial psychology, etc.

For the purpose of ready reference to the catalogue, the tests have been classified area wise. The tests have been assigned "NTL Code Nos" which may be used for requisitioning them. For detailed guidance regarding the tests, the reader may like to refer to the various test bulletins and Indian Measurement Handbooks that have been prepared by the Library.

Some resource materials in the area of testing are also available in the NLEPT. The same have been listed in this catalogue under the heading Reference Material and Literature on Testing.

Photocopying or duplicating the test booklets is strictly not allowed. Hence no requests to this effect may be made.

The reader is advised to fill up the required proforma when using the library. Further information having a bearing on the development of the Test Library, e.g., information about new tests, purpose of referring the tests, specific requirements not being met, etc. may be supplied at the end of the proforma.

We wish our readers a great success in their test-related pursuits.
