Subject: Introduction of Jaadui Pitara as a Teaching Learning Material for Foundational Stage

Sir,

As you would be aware, NCERT as part of its mandate to develop curriculum, syllabus and Teaching Learning Material (TLM) for various stages of school education, has developed Jaadui Pitara for the foundational stage.

Jaadui Pitara uses toy-based pedagogy and has been designed by experts. In order to enhance the ease of procurement of Jaadui Pitara as well as other educational kits, these have been made available on GeM as special categories.

I would like to request you to please issue directions for procurement of Jaadui Pitara and Educational Kits from GeM and for their formal introduction as TLM in your schools across the country. This will ensure introduction of experiential learning in schools as a follow-up of National Education Policy, 2020

Awaiting a positive response from your side.

Yours sincerely

(Prof. D.P. Saklani)
